DUCATO SANNITA
DALLA TRADIZIONE CAMPANA

A Mediterranean landscape, rich in art,
history and culture;
that is the birthplace of these wines with a
glorious past.

They come from a tufaceous land with a
volcanic soul where the Ancient Romans
were already devoted to the cultivation of
vineyards.

These are great white wines such as
Falanghina and Greco di Tufo, which
represent the true ancient history of Italian
enology
